What Is A Virtual Conference?

Virtual LEGALTECH is designed to bring the Legaltch experience to more people in a more economical manner. Like our well-attended in-person events, virtual conferences present a blend of information and networking and network with potential clients using a variety of social networking tools built into an intuitive platform.

Exhibitor Benefits and Pricing

Virtual LEGALTECH is the perfect online solution for generating qualified leads, building brand awareness, and networking with client and industry decision-makers. They save time and travel costs, making them more accessible than traditional in-person events. We offer several cost-efficient marketing opportunities that will help you reach your target audience.
